

Good Evening

I am Sue Hartley of Golding Hall, speaking due to the parish council incorrectly declaring our Private Driveway to be a public right of way with a statutory order in place to keep it open. I will also email this to the council for wholesome answers to the questions raised

How, when and for what reason did the council first take an interest in our Driveway, & why has the council not been in touch with us, we feel we have been deprived of our voice

Please provide proof of what steps were taken before making the declaration especially as a councillor with permissive rights told me Shropshire council had said it had a right of way but then said it hadn't, therefor the parish council knew the status, furthermore I would suggest the parish council also fully knew of the Statutory Declaration we had lodged with Shropshire council to keep our Driveway private. This is that Statutory Declaration. I trust the minutes dated 21st January will be altered as requested

Do the council realise they have possibly acted illegally, put lives at risk and caused much grief to us & the residents of Golding. They have aided trespass not only on our Drive but also on our farmland, ancient woodland, & Shropshire Wildlife Site & also opened Golding up to theft

What steps have the council taken to correct the matter since we first notified them on 4th June, particularly as the matter is so serious & when & how did the council realise they had made a mistake

Please provide details of the risk assessment carried out before the incorrect declaration, particularly relating to the pandemic, anxiety, theft & Golding Shoot

Please provide details of all correspondence, phone calls, conversations, steps etc. the council took before & after sending out a questionnaire on our Driveway, including a copy of said questionnaire and its results. I am also interested in:

How it was decided to commission a questionnaire & what criteria was used

What demographic and how many people were targeted

Why were no people from Golding targeted

Was the demographic chosen only for people that it was felt would support the usage of our Driveway, therefor being an unbalanced & pre-determined opinion

Should the councillors that we had granted permissive rights to have declared an interest

Please keep us closely informed of **ALL** future correspondence, emails, phone calls, conversations etc. relating to our Driveway

Thank You For Allowing Us To Speak This Evening
