

Pitchford Village Hall 2022 report

We are pleased that the hall has re-opened after covid and building works

We have stabilised the structure and upgraded the interior to make the building fit for purpose

We are promoting the hall to the community via the village views and facebook sites as we look to improve our bookings. Currently regular events include the WI, playgroup, parish council and pub nights

As per our written agreement dated 26/07/2021 ref light source grant I can confirm that all works have been completed with the exception of the kitchen which has a planned start date of July.

We have completed the work on budget, spending £31,295.89 with a further £12k plus contingency set aside for the kitchen

Kitchen works include new ceiling, re-configuration of units, new worktops, doors, additional drawer space, improved lighting and white goods

I would like to thank our small committee for all their time and hard work to ensure that the hall re-opened and stays at the heart of our community

Mike Price
